Chickener

Why did the chicken cross the road? Free arcade game in frogger style, the classic game from the 80s and one of the most recognizable games on the planet. Now it's chicken time! Help the chicken cross the road and reach its home. Look both ways before crossing. Cars, trucks, crocodiles and flowing waters can be very dangerous! Don't forget to turn on the audio... The game is freeware. You can download it [here](#).

Gecko Sudoku

Solving a sudoku puzzle can be rather tricky, but the rules of the game are quite simple. Fill the 9x9 grid with digits so that each column, each row, and each of the nine 3x3 sub-grids that compose the grid contains all of the digits from 1 to 9.

5 languages, 3 difficulty levels (easy, normal, expert). [Screenshot](#).

The game is freeware. You can download it [here](#) for hours of fun.

Gecko Click & Clean

Is your computer running slow? Are you sure your computer is clean?

After you have used your PC for a while, you will have accumulated lots of unnecessary files and other 'junk'. Your computer can pick up and store temporary files when you're looking at webpages and even when you're working on files in programs, such as Microsoft Word. Over time, these files slow your computer's performance.

Extremely easy to use, 'Gecko Click & Clean is a safe and reliable way of keeping your PC clean. With one click, you will clean your system from cookies, logs, temporary files, corrupted files and so on. By far one of the best cleaner software, the most user-friendly. It is very easy to use: it simply does everything alone. Best of all, it does it's job with amazing quality.

Investors and Partnerships

Innovative project ideas related to software development shared with our investors and partners.

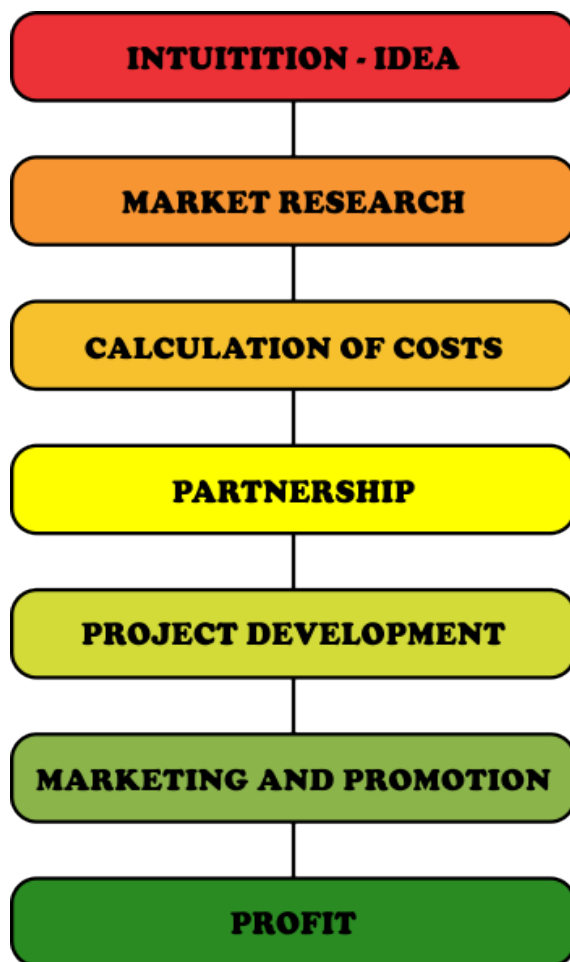

For the foregoing reasons, we have decided years ago to show our projects with the idea of inviting investors who are interested to join us in the development of these business ideas. We are conscious that the decision of making public some projects involves certain risks, however most of our projects are protected worldwide with copyrights and intellectual property rights.

Help us to carry out our projects. Step by step we are fulfilling ourselves and our ideas thank to our partners. If you are an investor or simply would like to receive more information, you are welcome to contact us. You can do it by simply sending a message using our contact page, or if you wish, feel free to send an email at: info@first-last.net.

A One-Time small Investment, a Lifetime of monthly Returns !

Not important where in the world you live, become our Partner today ! No need to be a computer expert or a technician. We do the work and share the profits with our partner.

How we work

Partnership example

Let's suppose that the costs for an upcoming project are 500'000 Baht, all inclusive (software development, promotion, advertisings and taxes).

The investor can choose a partnership from 20 to 50 % of the costs. Let's say that he chooses a 40 % partnership*. In our case, the partner will invest 200'000 Baht, and the FIRST AND LAST Co., Ltd. the remaining 300'000 Bahts.

Now, let's suppose that the profits of the product sales are 30'000 Baht / Month.

Following is the profit's calculation:

30'000 Baht – 7% TVA (2'100 Baht) = 27'900 Baht of Net profit**.

To the partner goes 40 % of 27'900 = 11'160 Baht / Month (lifetime!)

To the company goes 60 % of 27'900 = 16'740 Baht / Month

* Of course, the bigger is the investment, the bigger are the revenues.

** Normally, the monthly profits, improve during the first 6/7 months of sale. After that period it stabilizes at the last month's quote.

In this exemple, the investor receives back all his money within one year and a half, and continues to receive more than 11'000 Baht a month, lifetime.
